OVERVIEW

Fase is an LED collection of three flush ceiling lights in various sizes. The white diffusers conceal the high quality LED's and are bordered by a polished chrome metal trim which adds an extra design characteristic highlighting the fixture so it isn't lost on a white ceiling. The two smaller rectangular and square lights offer a natural 4000K light. The larger rectangular light can be used as a statement piece with a length of 90cm and the extra remote control functionality enabling the integral LED's to be dimmed between 3000-6500K.
