The minimalist and discreet design of the ENZO is convincing and skilfully sets the scene for your interior design. Floor luminaires are ideal for optimally illuminating certain areas. Whether as a reading lamp next to an armchair or in the living area as an additional light source, the modern luminaire is versatile and can be combined well with different furnishing styles. In addition, the floor lamp can be conveniently switched on and off via a foot switch. The floor lamp is designed in the colour nickel matt and can stylishly complement modern colour concepts. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
